www.baychem.com

Baychem is a chemical formulator, manufacturer, distributor, and reseller of high quality chemical products. We offer a wide variety of chemicals, ranging from high purity acids and solvents, to custom formulated chemicals. We can procure any grade, size, or configuration of chemical. We offer inventory management and repackaging services to meet customer specifications.

Baychem is committed to meeting and exceeding expectations and satisfaction with on-time delivery, compliance with customer specifications, and a commitment to continually improving the quality management system.

Baychem has extensive experience serving the aerospace, electronic, solar, metal processing, water treatment, and semiconductor industries.
